

Cloud Readiness Assessment (CRA)

Maximise your Oracle Cloud potential

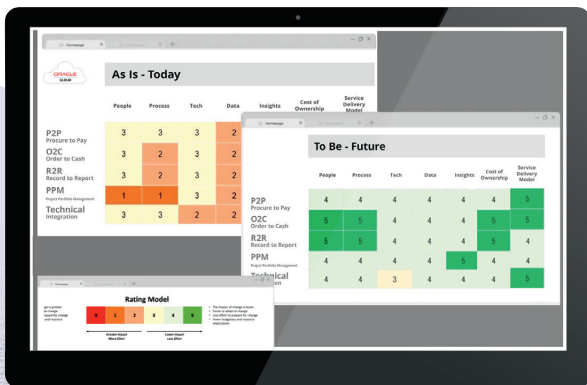

Designed to empower an organisation's leaders with relevant, insightful information about the potential value Oracle Cloud will bring to a digital transformation.

Expert led research and analysis that identifies the best path to success with a framework of functional recommendations and business benefits to leverage the complete power of Oracle Cloud technology.

Our Cloud Readiness Assessment is a strategic imperative for any dynamic organisation providing a clear roadmap for Oracle Cloud to help avoid challenges, inefficiencies, and missed opportunities.

The Readiness Assessment process will benefit organisations that are either new to Oracle Cloud or those that are existing users seeking an 'As Is' review alongside a 'To Be' optimised future.

Oracle Cloud CRA Heatmaps

Providing you with:

- ✓ Preparation and education on how to maximise any Oracle Cloud investment
- ✓ Detailed research findings based on co-discovery and business interviews
- ✓ Recommendations on how to achieve tangible and intangible benefits
- ✓ Insights on optimum operating models, and technical leading practice

Priority #1

Priority #2

What will your CRA reveal?

Bringing de Novo's experience and advice to different Oracle Cloud stakeholders in the organisation

Executive Leaders:

"Ensuring we maximise our technology investment and optimise our benefits"

Department Managers:

"Meaning the organisation functions smoother with greater focus and efficiency"

Business Operations:

"Helping us to innovate and improve the way we perform everyday"
